DRINKS

We have 16 dedicated craft beer taps deliciously ranging from the approachable styles right up to the fully hopped big hitting IPA's and everything you would expect in between. We pride ourselves on being able to match a beer to your tastes - lagers for the newly converted crafty, right up to IPAs, Sours and Stouts/Porters for the seasoned crafty drinker! Our beer selection is based upon 2 principals; local as much as we can, and the brewery has to be independently owned. You will not find any of the usual beers on tap/in bottle, however our expert staff can help guide the amateur crafty to a beer they will no doubt enjoy. We have a huge range in our fridge, offering something different to try.

Our wine list champions the local winemakers, taking advantage of some of the truly amazing wineries in Northeast Victoria. They are hand selected by members of staff to ensure we have the wine to suit your event.

Our carefully crafted cocktail menu is produced by our passionate and experienced bar staff, also utilising some great local ingredients/spirits. The Espresso Martini uses freshly ground coffee beans, which means we also offer barista quality coffee using locally roasted beans.
